To,

Hon'ble General Kariappa,
Rasshan Ara Villa,
M E R CA R A.

Dear Sir,

I read your article in the Indian Express Comments made on the 'East Bengal' situation. It was timely to point out what would be the future impact, if unfortunately any wrong decision is taken which it would effect the fortune of lives of our motherland. I cent percent agree with your far-sighted views which are generally endorsed by many other eminent men like Sri Raja Gopalachari and Sri Chamanlal Setalvad Ex- Attorney General of India. What the people of Pakistan and the Leaders require is this is the age of reason, love and service pay more than what cannot be achieved by Sword Humility and Modesty pay richer devidends. They must become an asset to their neighbours, India.

Perhaps your goodself would be glad to hear my daughter Principal Azra M.A., B.Ed., who is running Naseer Memorial High School and National Children School of all the Communities, she is selected from the British Council, New Delhi to have her refreshing course for a period of 10 months in the Edinburgh University. My son Khalid Ghani B.Sc., Dip-in-Taxidermy, U.S.A., is also in Belfast as Conservation Officer in Ulster Museum with his Director. My son-in-law Dr. B. Sheik Ali is acting as a Professor and Head of the Department in History, Mysore.

I was one of the 16 Delegates selected from India to represent in Switzerland by World Constitutional Convention, U.S.A., to frame rules and regulation for One World Government in the Year 1968.

With kind Regards,

Yours sincerely,
G.S. Abdul Hameed.
G.S. ABDUL HAMEED.
